

# Backup M365 With SaaS

## Protection

SaaS Protection is a cloud-based solution that automatically backups your M365 account 3x a day, including your emails, SharePoint, OneDrive, calendar and contact list.

## Benefits of Using SaaS Protection

- ✓ 3x daily backups of your M365 account and data
- ✓ Automatic archiving for departing employees
- ✓ Cloud-based UI with no infrastructure on site needed
- ✓ Non-disruptive and remote set up
- ✓ Fast recovery in just a few clicks
- ✓ Complaint in SOC 2 Type II and HIPAA
- ✓ Exportable audit logs and uptime reports
- ✓ Simply priced and cost-effective for SMEs

**Backup Your M365 Account from Only £2 Per User Per Month\***
